## Peab builds school in Åstorp

**Peab has been commissioned to build Haganäs School in Åstorp northeast of Helsingborg. The customer is Björnekulla Fastighets AB and the contract is worth SEK 251 million.**

The property will be located in the center of Åstorp near Bjärshög sports area on Villagatan. The K-6 school will also contain an elementary special school, training school and pre-school. The total gross construction area will be around 9,500 m<sup>2</sup>.

“This project is an important investment in the future for the residents of Åstorp and we’re proud to contribute to it. The school will be a meeting place for both students and personnel as well as everyone in the community. In other words, it’s a great example of our locally produced community building,” says Olle Olsson, Region Manager Peab.

“Haganäs School will be the first in the renewal of our school buildings and a fantastic asset for the municipality as a whole. We’re really pleased with what we’ve achieved theoretically and look forward to our shared road to completion,” says Jonas Johansson, Project Manager at Björnekulla Fastighets AB.

The project is a turnkey contract. Construction will start in December 2022 and is expected to be completed in the summer of 2025.

The project will be order registered in the third quarter 2022.
